TummyTime™

Make the best of baby’s tummy time with this book full of love. Your baby will fall in love with the beautiful illustrations in this small and sturdy accordion book that opens to stand up in a crib, on the carpet, or in a bed, making it easy for your baby to enjoy tummy time all the time. With two reflective “mirror” pages, your baby can see herself and practice those future smiles! And since the American Academy of Pediatrics and other top pediatric organizations around the world recommend tummy time to help “build the strength and coordination needed for rolling over, crawling, reaching, and playing,” this book is not just fun, it’s also good for your baby.

Also available: TummyTime™: Happy Baby and TummyTime™: Animal Parade.

Two books in one!

One side is high-contrast, the other side is full color.

And that’s not all! The book folds out to stand up in a crib, on the carpet, or in a bed.
An unlimited combination puzzle: With 25 double-sided puzzle pieces kids will love creating their own vehicle by choosing the truck’s body, the type of wheels and cargo, and even the driver. And with so many options, they’ll be able to discover new combinations and won’t get bored.

An innovative format: Most puzzles are self-contained with a single image built inside a frame. Mix & Match Puzzle: Silly Trucks allows kids to make five individual trucks at a time, and they never have to build the same puzzle twice.

Designed for maximum fun: Every piece in the puzzle has been designed for unlimited fun—and some silly situations—for kids to enjoy over and over. The playful art of Josh Cleland (Zoom, Beep, Vroom: Busy Cities and Go, New York, Go!) features colorful trucks, some questionable drivers (a bear?!), and unexpected cargo (a clan of clowns!).
